SIGNS

M.D.C.

Beer City Skateboards and Records is proud to announce it has signed the legendary MDC to a 5 year deal.

MDC was, and continues to be, one of the premier bands of the U.S. Hardcore movement. They have been recording and touring since 1981, and have released nine LP's as well as dozens of singles and compilation tracks.

Beer City's deal includes all of MDC's back catalog as well as any future studio releases. In addition, there is quite an impressive library of unreleased and never-before-heard material. Fans will not only be quite pleased with the deluxe treatment the reissues receive, but also with the bonus material contained within.

In addition to their usual intensive touring schedule, MDC have kept themselves busy working on a new studio full length. While no definite release date is set; the LP is progressing well, and the band is eagerly anticipating its release.

BEER CITY will also be taking over all merchandising for MDC as well; both new, as-yet-unseen artwork in addition to classic designs, some of which have not seen the light of day for some time.

The releases as well as softgoods will be exclusively distributed throughout out the world by 'Independent Label Distribution' and its partners.
