It’s 16 songs of fast, intense kick-you-in-the-face thrash from a band that’s been going strong and pushing the limits of hardcore and thrash since the early ‘80s!

Tired and Furious will wreack complete havoc with your eardrums and crush everything in its path. Recorded and produced by Adam Tucker of Signature Sound studios and with cover art by the legendary Joe Petagno. With blaring guitars, devastating drums, heavy bass and raw, loud angry vocals Tired and Furious is the perfect combination of fast intense thrash/metal.

Total anger and disdain for the harshness of this world and the people who make it so corrupt fuel the fire of RAW POWER. The results of this anger and the immense talent that RAW POWER brings to the table is this brand new album – Tired and Furious!
